what we do

ESCALATE™ enables managers to recruit, retain and cultivate their cyber analysts. ESCALATE is a proven immersive ecosystem that delivers gamified cyber-skills modules with an online community of mentors.

ESCALATE offers 24/7, hands-on-keyboard, capture-the-flag challenges that helping organizations to recruit, retain and cultivate talent. ESCALATE’s gamified learning ecosystem enables the cyber community to identify talent through pre-hire screening challenges, cultivate talent with 120+ cyber challenges, measure talent with the utilization of the ESCALATE reporting system, and continuous learning with our capture-the-flag challenges. ESCALATE members continue to be identified as the gold-standard of the cybersecurity and defense industry by government agency recruiters, and commercial sector head hunters.

Learn skillsets sought by the U.S. Government, as well as the private/commercial sector.

OPERATIONAL KNOWLEDGE REWARDED THROUGH:

• Senior level salary
• Job security
• Genuine job satisfaction
• Talent measurement and progression with the ecosystem’s metrics platform
APPLIED LEARNING

Managers can configure detailed reporting within the platform that enables:

• Tracking and benchmarking student effort and progress
• Evaluation of specific method used for each challenge
• Identifying capability shortfalls

LEARNING ANALYTICS

Students work through challenges at their own pace:

• Benchmarking statistics provided
• Challenges can be completed non-sequentially to best fit student capabilities, priorities and interests
• Online community of mentors, answers questions and helps students overcome sticking points
